
Announcing a two-day 'Hands-on' endodontic course designed for the general dental practitioner who may wish to update their knowledge and enable them to assess and treat more complicated clinical cases.

Presented by Stephen Godfrey and Shaheer Aasim.

Program:

Day 1 - Morning session:

DENTSPLY

Practical hands-on training and supervision in access cavity design. Practical hands-on training and supervision in glide path and coronal shaping.

Afternoon session:

Short tutorials will focus on biological cleaning and disinfection of root canal systems. Practical hands-on training and supervision in use of the 'Protaper Gold' system.

Day 2 - Morning session:

Practical hands-on training and supervision in the use of 'WaveOne Gold' rotary systems.

Afternoon session:

Practical hands-on training and supervision in 3 dimensional obturation of the canal system. You will have access to 'Calamus dual', 'System B' and 'Obtura' and 'Thermafil' systems.

Held at: Stephen Godfrey Dental Care.

Course Fee: £350 per day. With a total of 13 hours verifiable CPD over two days.
