

## GROW YOUR PRACTICE WITH DENTAL IMPLANTS!

In this course Dr Ainsworth will go through the information you need to start with implants in your practice.

### Objectives -

- Sales and marketing & identifying a need within your practice.
- Case selection, identifying candidates for implant treatment.
- Through the process of talking about implants with your patients to practical learning on how to restore the implant in your own practice.
- Dental social and medical factors.
- Anatomical factors.
- The initial referral process & communication.
- Restorative and Maintenance Process with 'Hands-on'.

Held at: Stephen Godfrey Dental Care. 6-8:30pm.

~~22nd & 29th January~~

5th & 12th March

4th & 11th June
